

Book Talk: “White Burgers, Black Cash: Fast Food from Black Exclusion to Exploitation” by Dr. Naa Oyo A. Kwate

About the Guest Speaker, Moderator, and Panelists:

Guest Speaker

Naa Oyo A. Kwate is an interdisciplinary social scientist with wide ranging interests in racial inequality and African American health. Currently a National Endowment for the Humanities Fellow at the Newberry Library in Chicago, she is an associate professor at

Rutgers, The State University of New Jersey, jointly appointed in the Department of Africana Studies and the Department of Human Ecology. A psychologist by training, her research has centered on the ways in which urban built environments reflect and create racial inequalities in the United States, and how racism directly and indirectly affects African American health. Kwate's research has been funded by grants from the National Institutes of Health and the Robert Wood Johnson Foundation, and by fellowships from the Smithsonian Institution, the European Institutes for Advanced Studies, and others.

Juviza Rodriguez is a second-year PhD student in the Community Health and Health Policy track at the CUNY School of Public Health and a PhD Fellow at the CUNY Urban Food Policy Institute. Her research

interests are centered around the health of women of color and children across the life-course. She is particularly interested in unpacking, and calling out, the ways in which community design, food environments, and housing policy affect birth outcomes and how these factors shape intergenerational transmission of health disparities.

Christal Yu is a Food Justice Leadership Fellowship Alumna at the CUNY Urban Food Policy Institute. She helped launch the CUNY Student Food Navigator Program with national non-profit

Swipe out Hunger, performing outreach to all 6 CUNYs in Brooklyn while also providing peer support and resource referrals to students in the SNAP application process. She is a proud BMCC Alumni, Finch College Association Scholar, and a current CUNY John Jay B.S. student of Human Services & Community Justice. She brings an intersectional, trauma informed, and human service lens to passions in combating predatory food marketing, accessible design/service delivery, and communication.

Guest Student Panelists

Hailey Christian is a second-year MPH student at Columbia University Mailman School of Public Health concentrating in Environmental Health Sciences with a certificate in Environmental Health Policy. She

is currently a Graduate Research Assistant at CUNY Urban Food Policy Institute, a Food Fellow at Mailman School of Public Health, and a Climate Ambassador at FEMA. Her particular interests lie at the intersection of environmental justice, food systems, climate resiliency, and urban planning. Her career aspirations are to advocate for healthier, safer built and physical environments and to advance equitable and culturally relevant food systems.

Nicholas Olano is a Dietetic Intern at the CUNY Graduate School of Public Health and Health Policy and recipient of the Academic Excellence Award of the Nutrition and Food Studies program at NYU Steinhardt. Nick was previously a

Dietetic Intern at the CUNY Urban Food Policy Institute and supported the Institute's research on predatory food and beverage marketing and how it affects young, low-income New Yorkers. After completing his dietetic internship and becoming an RDN, he aspires to work with a variety of patients, including those with obesity and chronic diseases, to help them improve their health through nutrition.

Moderator

Craig Willingham is the Managing Director of CUNY Urban Food Policy Institute where he oversees a diverse portfolio of food policy related research. Previously he worked for the New York City Department of Health

and Mental Hygiene's Center for Health Equity where he developed and implemented strategies to make it easier for consumers to buy healthier products in food retail venues throughout the City. He has a diverse professional background that includes business management, secondary school education, regional agriculture, and technical training.
